

# CHECKLIST FOR COMPARING ROOFING COMPANIES

**Does the roofing company provide a detailed quotation, including a description of work to be done, materials that will be used and terms of payment?**

Detailed quotations are a crucial safeguard for both client and the roofing company.

**Does the roofing contractor hold a current Roof Plumbers Licence, Construction White Card and Working Safely at Heights Certificate?**

Proper training and qualifications should be held by any professional roofing company or contractor.

**Does the roofing company have adequate Public Liability and Home Building Compensation Fund Insurances?**

For peace of mind request to view insurance credentials of the roofing company you choose.

**Can the roofing company provide you with customer testimonials and photos of past work completed?**

Happy customers and images that show a job well done are a good sign of a reputable roofing company.

**Does the roofing company arrive promptly and do they appear professional and knowledgable?**

A prompt and professional service is what you should expect when putting your biggest asset in the hands of a roofing company.

**Does the roofing company use materials that are backed by warranties?**

Ensure your roofing company uses Australian made sheet metal and not an inferior product.
